SCALE OF ASSESSMENT OF MEMBERS' CONTRIBUTIONS FOR 1974

Memorandum by the Director General

Modifications

The modifications which the Board of Governors has now made to the budget estimates for 1974[1] necessitate some consequential modifications in the material on the scale of assessment of Members' contributions for 1974 which the Director General has submitted to the General Conference under cover of his memorandum GC(XVII)/507. The Annex to the draft resolution in that document and the Appendix to the memorandum are accordingly replaced by the attachments hereto.

MEMBERS' CONTRIBUTIONS TO THE AGENCY'S REGULAR BUDGET FOR 1974

The computation of individual base rates and the resulting scale of assessment

1. The first step in computing the individual base rates and the resulting scale of assessment of Members' contributions to the Agency's Regular Budget for the year 1974 consists of dividing the total amount to be assessed into a "non-safeguards" component and a "safeguards" component [1]. The total assessment proposed is \$23 137 000 [2], of which the non-safeguards and safeguards components are \$18 933 000 and \$4 204 000 respectively. The latter component consists of the appropriation specifically proposed for safeguards (\$3 441 000), plus \$773 000 representing a pro rata share of the appropriation for contingent financing [3] and less income of \$10 000 which it is estimated will be received from non-member States during 1974.

2. The next step is to derive a base rate of assessment for each Member of the Agency from the scale used by the United Nations to assess contributions from its Members to its regular budget for 1973. [4] This is done in Table 1 (which follows), the calculation of the coefficient 0.95996 used in column (4) thereof being set out in paragraph 3 below.

[1] See Resolution GC(XV)/RES/283, sub-paragraph (a) of the operative paragraph.

[2] See document GC(XVII)/505, Annex V, draft resolution A, para. 2(b), as modified by document GC(XVII)/505/Mod.1, para. 3(c)(iii).

[3] Ibid., para. 1, Section 8 and Section 9, as modified, respectively. The amount of \$773 000 was arrived at by assuming that the funds to be appropriated under Section 9 will be proportionately distributed between Sections 1-8.

TOTAL of columns (2) and (3)		102.85	

a/ See General Assembly Resolution 2654 (XXV).

b/ In certain cases the coefficient is not applied - see paragraph 3 below.

3. It will be seen from the end of the Table that the United Nations percentage assessments for Members of the Agency that are also Members of the United Nations amount to 94.76, and that the United Nations hypothetical percentage assessments for the other Members of the Agency amount to 8.09. To this total of 102.85% a coefficient must be applied to derive the base rate of assessment for each Member of the Agency, so as to reduce the total to 100.00%. In accordance with a principle established by the General Conference, however, no coefficient is to be applied in the case of the Member bearing the United Nations highest assessment, nor of the 35 Members each bearing the lowest assessment [5]. The coefficient is therefore calculated in the following way:

	<u>United Nations percentage assessments</u>	<u>Agency base rates of assessment</u>
Totals	102.85	100.00
Less: For the Member bearing the highest assessment	31.52	31.47
For the 35 Members bear- ing the lowest assessment: 35 x 0.04	<u>1.40</u>	<u>1.40</u>
Total deductions	<u>32.92</u>	<u>32.87</u>
Totals for calculation of the coefficient	69.93	67.13
Coefficient	$\frac{67.13}{69.93} = 0.95996$	

4. It is now necessary to calculate the respective shares of the safeguards expenses to be borne by the Members on a list drawn up for the purpose by the Director General [6]. The results are presented in the Table below.

[5] See Resolution GC(III)/RES/50, sub-paragraph (a) of the operative paragraph.

[6] The way in which the list is to be drawn up is laid down in Resolution GC(XV)/RES/283, sub-paragraph (c)(ii) of the operative paragraph.

The remaining \$3 923 314 (93.32336%) will need to be borne by 31 Members, the shares of each being calculated as shown in the following Table [8].

a/ The coefficient is obtained by dividing the percentage of the safeguards component remaining to be financed (93.32336) by the total of the base rates of assessment of the 31 Members listed in the Table (86.68).

6. The individual share of each Member in the safeguards component of the total assessment having thus been determined, the next step is to calculate each Member's share of the non-safeguards component. This is done in the final Table below [9], which shows in column (5) the consequent total assessment of each Member. Column (6) gives the resulting scale of assessment for 1974, the percentage assessments being expressed to five places of decimals in order to reflect each Member's share of the Regular Budget with the required accuracy.
