Amend paragraph E of article VI to read as follows:

"Each member of the Board of Governors shall have one vote. Decisions on the amount of the Agency's budget shall be made by a two-thirds majority of those present and voting, as provided in article XIV (H). Decisions on other questions, including the determination of additional categories of questions to be decided by a two-thirds majority, shall be made by a majority of those present and voting. Two-thirds of all members of the Board shall constitute a quorum."

The purpose of the proposed amendment is to make this article conform with rule 87 of the General Assembly's rules of procedure, which rule reproduces paragraph 3 of Article 18 of the United Nations Charter. The delegations of Denmark, Norway and Sweden feel that the usefulness of this provision is generally recognized and that it should not be absent from the statutes of the Atomic Energy Agency.
